Electrical Inspections

You must determine if your inspection falls under the Uniform Commercial Code. If you are not sure, please contact your local Building Code Official.

The following electrical inspectors are not affiliated with Warren Electric Cooperative. For arranging appointments or questions concerning an inspection, call the personal phone number of the inspector in your county. Comments or complaints should be directed to the licensing company, the company names and phone numbers are provided for this purpose only.

Note: Inspection cards must be received in our office before crews will be sent to the location for connecting services.
